

Before we begin, I need to collect a consent form, as well as your details for a payment form.

Today you will be taking a survey on Qualtrics. In this survey, you will be presented with scenarios and instructions for what action you should take in response to the given scenario. Your answers should be based on the instructions written; NOT on your own intuition. Please answer the questions as accurately and as quickly as possible.

Taking part in this survey is voluntary. You may withdraw at any time.
